Simple activities, crafts, and first steps in the faith

Pre-Catechesis · Ages 4-6

234 Activities

A Note for Grown-Ups

Welcome to this pre-catechesis activity book! In these pages you'll find 234 simple activities for children ages 4-6: coloring pages, mazes, connect-the-dots, observation games, cut-and-paste activities, and little crafts.

The activities follow the great stories of the Bible and the main seasons of the liturgical year: from Creation to Easter, through Christmas, Mary, your child's guardian angel, the Mass, and first prayers.

How to Use This Book

- Read the instructions aloud: at this age, children don't read on their own yet.
- Before you begin, take a few minutes to tell the story or talk about the picture.
- One activity at a time is plenty. Let your child go at their own pace and encourage their efforts.
- If you can, end with a short prayer or a thank-you to God.

Materials

Colored pencils or markers, safety scissors, and glue; sometimes a few cotton balls, some string, or colored stickers. A grown-up should always help with the cutting.

Printing

Every page prints on Letter paper (8.5 × 11 in), in color or in black and white. You can print the same page as many times as you like.

Enjoy the journey of faith with your children!
