A Note for Grown-Ups

Welcome

This booklet helps your child notice, day after day, the acts of faith and kindness they already practice: praying, saying thank you, sharing, forgiving, helping out. The charts and stickers make those acts visible and give you a chance to talk about them together.

Printing the Charts and Stickers

Print the charts on regular Letter paper (8.5 × 11 in), in color or in black and white. For the stickers, the easiest option is full-sheet sticker paper (Letter size): print, then cut out the circles along the dotted lines. If you don't have sticker paper, print the sheets on regular paper and attach the circles with a glue stick. Print the sheets again whenever you run out.

Sheets 1 to 3 have stickers about 1 1/8 in (28 mm) across, for the Advent and Lent paths and for the diploma. Sheet 4 has small stickers about 2/3 in (17 mm) across, made for the circles on the weekly and monthly charts.

Choosing the Right Chart

Ages 4-6: Use the chart with pictures (page 3) together with a grown-up. Start with just three or four rows. **Ages 7-12:** Use the written chart (page 4), which your child can fill in alone; invite them to choose a challenge for the week. The monthly chart (page 5) lets your child pick three goals of their own.

A Celebration, Not a Paycheck

We don't pray to earn a sticker. The sticker doesn't "pay" for the prayer: it celebrates something your child has already done and helps them remember it.

- Put the sticker on together, in the evening, as you talk about the day.
- Never take a sticker away, and never use the chart as a punishment.
- An empty circle is not a failure: tomorrow is a new day.
- End with a thank-you to God for everything that happened.

The Advent and Lent Paths

During Advent, your child adds one sticker a day from December 1 to December 24, like an Advent calendar (in 2026, Advent begins on Sunday, November 29). During Lent, they add one sticker a day from Ash Wednesday (February 10, 2027) to Holy Saturday (March 27, 2027): Sundays are not counted in the 40 days.

The Diploma

When a path or a month is complete, give your child the diploma on page 13. Read it together and let them add their favorite sticker.
